

With the growing concern surrounding the Coronavirus, your safety is important to us

The relationships we have with our members and staff matter to us, as well as their safety and health. With the growing concern regarding the Coronavirus (COVID-19), we want to keep you informed. We believe we are prepared and ready to respond.

- We are actively monitoring potential threats.
- We are communicating and coordinating with critical service providers and suppliers.
- We will take appropriate action to reduce exposure to others if an employee is exhibiting flu like symptoms. As always, we have instructed staff exhibiting any signs of illness to stay home.

Although we are taking precautions, we understand matters like this can be unsettling. Feel free to use our electronic banking options. Compass offers:
